

MASENO UNIVERSITY SCHOOL OF BUSINESS AND ECONOMICS STUDENT ASSOCIATIONS

Student Association is an Association of students created for any educational purpose that supports the vision and goals of the university/Campus/School. Student Associations offer students rich, interdisciplinary opportunities to learn outside of the classroom. The University/School involvement strives to provide a structure and guidance for students to join together for a common purpose. Individually, student associations provide a platform for students to develop leadership and organizational skills. Collectively, student associations enrich campus life by enhancing the cultural, social, and intellectual life of the University students. In granting recognition to student Associations, the University involvement provides support to students aiming to pursue their various interests, talents, and strengths that are separate from formal curricular experiences.

Maseno University School of Business and Economics have various Student Associations aligned to the various programmes offered at the School. These include;
